WEIGHT AND SIMPLICITY MATTER

For the project: lower weight and increased simplicity equals lower total cost. NewBrick eliminates the need for pans, ties, shelf angles, thermal bridging solutions, and significantly reduces the size of load bearing footings increasing simplicity and reducing project costs. When combined with an integrated Air Weather Barrier (AWB), code approved flashings, continuous insulation and dual drainage planes, NewBrick meets or exceeds the latest building code in every climate zone, all fully tested.

For the installer: lower weight and simplicity equals increased ease of use, which increases productivity. When combined with Outsulation, the wall assembly from sheathing to NewBrick veneer is installed by a single source, which reduces trade coordination, all fully protected by a wall warranty from sheathing to sheathing to NewBrick.

For more information on how NewBrick can revolutionize your next project call us at 1-833-NEWBRIK (1-833-639-2745) or learn more at newbrick.com.

NEWBRICK® IS A LIGHTWEIGHT INSULATED BRICK PRODUCT. It retains clay brick’s classic size and appearance, with so much more.

LIGHTWEIGHT!
- Only 2.45 lb/sq. ft. before mortar, resulting in higher daily productivity
- Eliminates ties, pans, shelf angles and significantly reduces load bearing footings
- Saves in very wet – especially on multi-story construction projects
- Easy to cut and very little dust
- Compresses the exterior construction schedules
- More bricks per truck lowers transportation costs

ENERGY EFFICIENT!
- Thermal insulation built right into NewBrick, helps to reduce energy bills!
- When used in combination with a NewBrick CI system, it can contribute to LEED credits

TESTED!
- Meets NFPA 285
- Contribut to the insulation requirements as published in the IECC and ASHRAE 90.1 when installed over any NewBrick CI system
- Meets the State of California energy efficiency requirements as defined in Title 24, Part 6
- Meets the State of California energy efficiency requirements as defined in Title 24, Part 6 when installed over a NewBrick CI system
- Meets the State of California energy efficiency requirements as defined in Title 24, Part 6 when installed over a NewBrick CI system

NEWBRICK® IS DESIGNED WITH THE SAME TRADITIONAL BRICK APPEARANCE.

But, now with so much more!

NewBrick®, offers the industry a different way to build more cost and energy efficient traditional looking buildings from the ground up in a faster and simpler way. A game-changing innovation in exterior wall design that can be installed over most common building systems, including concrete and masonry, as well as over any NewBrick CI system.

VERSATILE DESIGN CAPABILITY FOR ANY PROJECT.

NewBrick is available in 18 standard colors and four standard blends so you can create looks that run from traditional to modern. Custom colors and blends are available for your project’s specifications.

STANDARD TEXTURES AND EFFECTS

With NewBrick, the architect can now design cost effective and classic looking buildings. Below are available standard blends, textures, and effects. Custom matches can be provided on request.

TEXTURES

- Smooth
- Velour
- Wire Cut
- Coarse Cut

EFFECTS

- Iron Spot
- Flashed
- Flashed with Iron Spot

BRICK SIZES

NewBrick is available in four popular sizes — Modular, Utility, Economy and Norman. Shown below are the types and dimensions for Modular. For dimensions on other NewBrick sizes, please refer to NewBrick Publication DS973, NewBrick Installation Details.

NEWBRICK® IS VERSATILE FOR ANY PROJECT.

NewBrick is available in 16 standard colors and four standard blends so you can create looks that run from traditional to modern. Custom colors and blends are available for your project’s specifications.

NEWBRICK® WITH CI APPLICATION

OVER AN INSULATED CI SYSTEM

NEWBRICK® VENEER

OVER A SOLID SUBSTRATE

BLENDS

- Cannon Dawn | 985BST
- Castle Wall | 910BST
- Citadel | 940BST
- Country Cottage | 910BST

- Earthan/Vessel | 325BST
- Gatehouse | 915BST
- Harbor Side | 310BST
- Heritage House | 905BST

- Homeland | 955BST
- Patriot Red | 970BST
- Provincial Park | 905BST
- Riverbank | 900BST

- Rustic Villa | 945BST
- School Yard | 925BST
- Town Square | 900BST
- Valley Field | 975BST

COLORS SHOWN SHOULD BE CONSIDERED APPROXIMATE OF ACTUAL NEWBRICK COLORS. SOME NATURAL VARIATIONS WILL BE APARENT WITH THE PRODUCT RELATING TO SELECTED COLOR, TEXTURE AND LIGHTING. A FIELD INSTALLED MOCK-UP SHOULD BE REQUIRED FOR EVERY PROJECT TO CONFIRM DESIGN INTENT OF COLOR AND TEXTURE.

NEWBRICK® IS VERSATILE FOR ANY PROJECT.
