To Whom It May Concern:

RE: Starter Boards—Green Building Product Information (LEED v4.1 Information)

Tremco CPG is an organization that is committed to quality, our employees, and our environment. We are responsive to both internal and external customers, and we pledge to treat everyone with good stewardship and respect.

Tremco CPG certifies the following for Starter Boards:

**Building Product Disclosure and Optimization:**

Starter Boards are manufactured in Brooklyn Park, Minnesota.

No single extracted material is used to produce the majority of this product.

Recycled content for the Starter Boards are not available, and for the purposes of LEED reporting should be assumed to be zero.

**Low Emitting Materials - VOC Content Information:**

Starter Boards contain a VOC content of <1 g/L equaling <1% as applied/mixed. For this LEED credit, it should be known that this is an inherently non-emitting source of VOCs.

**Green Chemistry:**

Tremco CPG is dedicated to the environment and prides itself on making its products as sustainable as possible.

**Additional Information:**

Should you have any questions or require additional information, please do not hesitate to contact Technical Services or your local Tremco Field Representative.

Sincerely,

Joe Kravetz  
Product Steward
