

SPECIALTY

# FINISHES

PREMIUM NATURAL AGGREGATE  
AND METALLIC ACRYLIC COATINGS

 **Dryvit** | BUILD THE TREND

# Create an impact with your specialty finish.

Your building's exterior finish is critical to its overall look and curb appeal. Compared to color, shape and surrounding environment, a building's finish is perhaps the most underrated yet impactful component of any structure.

Our collection of specialty finishes delivers beauty, strength and durability to buildings everywhere. From the old world look of plaster to smooth metallics, Dryvit® finishes have all the options you need to realize your design vision.

Since finishes are key to completing the aesthetic of your building, take comfort knowing that an entire range of Dryvit finishes is available for you, and if you don't see a color you love, we can work with you to create a custom color just for your project.

All Dryvit specialty finishes are 100% acrylic based and contain DPR (Dirt Pick-up Resistant) technology, keeping your buildings clean and beautiful longer.

## Ameristone™

Rugged, natural beauty that exudes strength.

## Stone Mist®

Smooth stones infused with color.

## Reflectit™

Shimmering metallic glow with a brilliant, bright finish.

## Tibur Stone™

A speckled finish with a smooth, clean and timeless look.

## Tuscan Glaze™

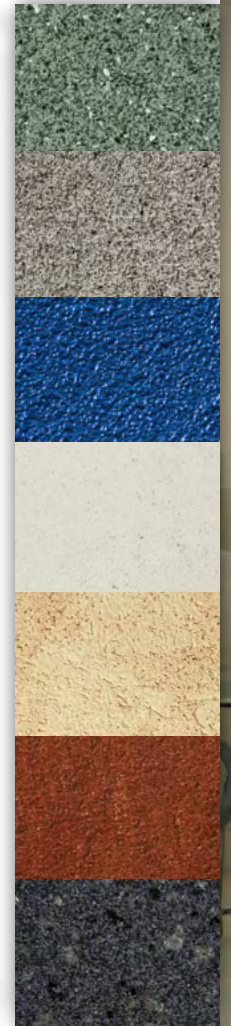

The appearance of plaster with charming old-world style.

## Ferros®

An oxidized metal finish.

## TerraNeo®

Embedded quartz and mica flecks produce a striking glittery finish.
